

How Do I Change My SentriCard Pin Code

- Insert your SentriCard into the card reader.
- The **SentriLock Card Utility** Login window will display.
- The SentriLock Card Utility will detect the SentriCard's owner and will fill in your **SentriLock ID**.
- Enter your password in the **Password** field.
- Click **Login**.
- From the Card Functions pane on the Main Menu, click **Change Card PIN**.
- Enter your new PIN in the **New PIN** and **Confirm New PIN** box.
- When you finish, Click **Save Changes**.
- After you click Save Changes, the SentriLock Card Utility will update your SentriCard.
- When it finishes, it returns you to the Main Menu window.
