1. Municipal real estate taxes should be sufficient enough to fund city programs such as affordable housing, protecting open space, and other programs.
2. Increase economic growth to raise tax revenue. Reprioritize the budget as needed to match revenues with expenditures.
3. A municipality should regulate real estate signs so that Realtors can effectively advertise the properties, but not become an eyesore to the community.
4. At the current time I have no position on these issues. I look forward to your guidance on these issues in the future.
5. It is only fair developers share the cost of providing public services to new development. I am not currently familiar with the guidelines and procedures my area has in place for the assessment of impact fees.
6. I will invest in local entrepreneurs and businesses to enhance economic growth which will draw outside businesses to the area to participate in the growing economy.
7. Effectively market Peoria neighborhoods and homes to bring people to Peoria. Also, offer workshops on home buying.
